KIDNEY TROUBLE SAYS AUTHORITY

Take a tablespoonful of Salts to flush Kidneys if Back hurts.

Omit all meat from diet if you feel Rheumatic or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog, and the result is kidney trouble, bladder weakness, and a general decline in health. healfh. in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous saits is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of firitation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent ithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advt.
